

DermaScan Mobile Application - Terms and Conditions

Effective Date: April 23, 2026

Welcome to **DermaScan**, an AI-powered skin health diagnostic application developed to assist users in identifying and managing skin conditions. By downloading, accessing, or using the DermaScan mobile app, you agree to be bound by these Terms and Conditions.

Please read them carefully before using the app. If you do not agree with any part of these terms, please do not use the application.

1. Acceptance of Terms

By creating an account or using any part of the DermaScan app, you agree to comply with and be legally bound by these Terms and Conditions. These terms apply to all users, including Admins, Dermatologists, and Users.

2. Description of Service

DermaScan is a mobile application that uses AI-powered image recognition to provide users with preliminary assessments of skin conditions. The app also allows users to view health information, scan history, and connect with dermatologists and local clinics in **Tagum City, Philippines**.

3. User Eligibility

- The app is currently available **only for residents of Tagum City**.
 - Users must be **13 years or older** to create an account. Those under 18 must use the app with parental or guardian consent.
-

4. User Responsibilities

Users agree to:

- Provide accurate and up-to-date personal information.
- Use the app only for lawful and intended purposes.
- Refrain from uploading inappropriate, offensive, or unrelated content.

- Respect the community guidelines in the support forum.
 - Ensure that any images submitted are clear and of high quality for optimal AI assessment.
-

5. AI-Powered Assessments Disclaimer

DermaScan uses artificial intelligence to provide **preliminary analysis** of skin conditions based on uploaded images.

- **These results are not a substitute for a professional medical diagnosis.**
 - Users are strongly advised to consult a certified dermatologist for confirmation and treatment.
-

6. Roles and Permissions

- **Admin** users manage the platform, verify dermatologist credentials, and monitor user activity.
 - **Dermatologists** may view AI-generated reports, manage consultation requests, and update their availability.
 - **Users** may scan their skin, view results, access condition information, track history, submit reviews, and participate in the community forum.
-

7. Consultation and Booking

While DermaScan facilitates consultation bookings with dermatologists, the app **does not guarantee immediate appointment scheduling**. Contact information is provided for follow-up.

8. Community Support Forum

The in-app forum is intended for constructive discussions related to skin health. DermaScan reserves the right to remove content or suspend users violating the forum's code of conduct.

9. Data Privacy and Security

We take your privacy seriously. All personal and medical information is stored securely and used solely for the purposes described within the app.

- We implement **encryption and secure storage**.
 - Your data will **not be sold or shared** with third parties without consent.
 - For more details, please refer to our **Privacy Policy**.
-

10. Limitations of Service

- Results accuracy depends on image quality and lighting.
 - A stable internet connection is required for app functionality.
 - The app does **not detect rare or complex skin conditions**.
 - Currently, DermaScan supports **only Android devices**.
-

11. Intellectual Property

All content, designs, logos, and features within the DermaScan application are the exclusive property of the developers and may not be copied, reproduced, or used without permission.

12. Modification of Terms

DermaScan reserves the right to modify these Terms and Conditions at any time. Users will be notified of any changes through the app. Continued use of the app after such updates constitutes acceptance of the revised terms.

13. Termination of Use

We reserve the right to suspend or terminate accounts that:

- Violate these Terms and Conditions,
 - Engage in fraudulent or harmful activity, or
 - Misuse the app or its community features.
-
